Dear Mr Gambles,

On behalf of the staff and students at the College, I should like to thank you for the work you completed this summer. I appreciate how hard it is for contractors to meet the needs of schools. There is only a relatively short period of time and, often, many contractors on site.

The College is looking very much better than it did last year. I certainly see the efforts this summer as the first part of an ongoing programme in which I hope you may be involved in the future.

Yours sincerely,

C E Eves
Principal
